

**Foliage**

Foliage is excellent for making trees, vines, weeds, bushes or any low growth. Simply stretch the sheet of Foliage for a thin, lacy application. Attach Foliage with Scenic Cement. Create quick and economical tree masses on your layout. Stretch Foliage to desired density, then roll into a loose ball. Stretch the ball into a conical shape for variation. Attach to hill-sides with Scenic Glue. Foliage is available in four colors and two fall blends. 60 sq. in.
